Pitta Patta is a family-run natural health business based in the UK and Australia. It offers organic skincare products for babies and children, along with a wealth of other wellbeing services.

**Calm and Content Massage Oil, RRP £13.50 for 125ml**

I really like Pitta Patta's collection of 5 massage oils, in particular Calm and Content, which helps to balance babies and children both emotionally and physically. It is made from a blend of certified organic oils such as roman chamomile, lavender, jojoba and sandalwood, along with a mix of gem essences, and you can imagine the delightful smell that seeps out as soon as the cap is unscrewed.

Ecoboodle is an environmentally aware company that produces eco-friendly, waste-free lunch bag sets.

**Funky Cow Print Lunch Bag Set, RRP £19.99**

Have you ever wondered what to wrap your child's lunch in after reading about some of the harmful hormone-disrupting chemicals found in cling film and plastic lunch boxes? Fortunately for the health-conscious parent Ecoboodle has the answer to this popular concern. Its unique lunch bag sets consist of a fun-printed insulated lunch bag made from eco-friendly waterproof material lined with food-grade PEVA; a reusable sandwich wrap made from organic fabric backed with a food-grade, non-toxic waterproof material; and a 400ml sports bottle made from 304 food-grade stainless steel, with a BPA-free sports lid. I thought the funky cow print would brighten up any child's lunchtime and the set is easy to clean.

# NATURAL HOME

Jessica Fenton reviews

Alma Win is a German company dedicated to the research, development and production of ecological washing and cleaning products that work in harmony with Nature.

**Orange Oil Cleaner, RRP £9.90 for 500ml**

Alma Win's Orange Oil Cleaner is a concentrated stain-removing formula suitable for use on, for example, clothes, carpets and upholstered furniture. Nice and easy to use, once added to water it becomes milky in colour and can be used on all water-resistant surfaces, making it an excellent all-round multi-purpose cleaner. I found that a little goes a very long way, with just 2-4 capfuls needed when diluted with 5 litres of water.

Alma Win has 10 bottles of Organic Toilet Cleaner Concentrate with trial-size Organic Bathroom Cleaner Concentrate attached to give away to JUNO readers. For your chance to win please email [competitions@junomagazine.com](mailto:competitions@junomagazine.com)
