GUIDE 2012

NATURAL BEAUTY AWARDS • DIY BEAUTY • NATURAL ANTI AGEING

BUBBLE BATH *Pitta*
Patta Bubbles and Cuddles Bubble Bath, £6.99 TRIED BY SUSIE GREEN

"This gorgeous organic bubble bath lathered well and didn't irritate my children's sensitive skin. It contains a blend of organic essential oils and gem essences in a gentle vegetable base that is perfect for everyday use. We all loved the subtle smell of bergamot and lavender and found it great for night time use."

BABY OIL *Hello Mellow*
Organic Massage Oil at Organic Monkey, £12 TRIED BY SAMANTHA TRINDER

"I loved this oil - it is a great no-nonsense product with a conscience, using 100% organic and Fairtrade ingredients. It is heavier than many other baby massage oils but a little goes along way, and it is highly moisturising. The oil is a little pricier than the average baby oil, but considering it includes an extensive range of organic oils, it represents great value, and some profits are donated to a children's research charity so it ticks the altruism box too."

BABY & CHILD

BABY LOTION *Original*
Sprout Scrumptious Baby Cream, £15.50 TRIED BY JULIET PRICE

"One of my favourites, this cream smelled gorgeous and felt very luxurious on Isabella's skin. It really does sink in beautifully - so

it certainly lives up to its title! It's got a hard-to-describe, but very pleasant, 'new baby' smell, which is very subtle. It dispenses easily too, so you can control exactly how much you get out. This is important for a relatively expensive product."
